About the 2018 Me

- Abraham Raji a.k.a avronr
- Loves Programming.
- Free/Libre Software Enthusiast.
- Ran a FOSS club at my college.

"Honestly there's no reason anyone should be using windows in 2020, I actually have my Manjaro iso usb with me if you wanna try it out"

I started designing.

- College events by the FOSS club required posters.
- Most Designers used the Adobe Suite.
- I didn't wanna let Stallman down
- So I decided to give it a try myself.

Now I design
